

Roll-A-Pro™

ROLLING DOOR OPENER

INCLUDES 3 x TRI-TRAN+™ REMOTE CONTROLS AND WALL / VISOR HOLDER

DOOR TYPE: Residential Rolling
SIZE: Up to 15m²

PROTECTION FROM DAMAGE OR INJURY

The smart design of Roll-A-Pro™ detects when contact is made with an obstruction and automatically stops and reverses the door to minimise the risk of damage or injury.

WORKS WHEN YOU NEED IT TO

Your B&D remote control is designed using the latest Tri-Tran+™ advanced encryption technology so that you can confidently control your garage door, without the threat of interference from other wireless devices.

5 YEAR WARRANTY & NATIONWIDE BACK UP

Rest assured in the knowledge that your B&D opener is backed by a 5 year manufacturer's warranty and a skilled team of garage door and opener service professionals nationwide to help when needed.

BUILT TO LAST

Our range of openers are designed and tested to perfectly match the size of your garage door by delivering the correct amount of power when you need it, year after year. We use our decades of experience to engineer products to withstand Australia's unique climate.

Roll-A-Pro™

ROLLING DOOR OPENER

SPECIFICATIONS		SPECIFICATION EXPLAINED
Peak Pulling Force	500N	The motor's peak pulling force should suit the door type to provide optimal performance with minimal noise.
Motor Type	DC	Our custom designed DC motor delivers smooth, quiet and reliable operation.
Max. Recommended Door Size	15m ²	Each opener is specifically designed to efficiently operate doors up to a specific size.
Ready for Smart Phone Control	Yes	Opener is compatible with the B&D Smart Phone Control Kit - Sold Separately
Soft Start / Soft Stop	Yes	Increases and decreases the speed of operation to reduce stress on the door and reduce noise.
Low Standby Power	Yes	When the opener is not in operation, you can rest assured that it is not excessively draining power.
Service Indicator	Yes	The clever logics inside Roll-A-Pro alert you when a service is due to maximise the life of your opener.
Courtesy Light	Yes – LED	The courtesy light illuminates when the door is opened improving visibility and safety.
Remote Controls	x 3	Our Premium Tri-Tran+™ remote controls provide superior security and excellent operating range whilst virtually eliminating interference from other wireless devices.

YOUR **B&D REPRESENTATIVE** IS:

OPTIONAL ACCESSORIES

SMART PHONE CONTROL KIT

The kit allows you to monitor and control your garage door while you are at work or even on holidays from your compatible smart phone.* Kit includes Smart Hub & Accessories.

* Subject to cellular and wi-fi connection and availability

WIRELESS SAFETY BEAMS

If you have young children or pets, safety beams provide added safety and security. If the beam is broken while the door is closing, it will automatically stop and reverse. B&D always recommend the use of safety infra-red beams on all automatic garage doors.

ENTRY KEYPAD

Allows entry to the garage without a transmitter. Great for children. No need to give them a key or transmitter, they can enter the house with their PIN.
