## SYNCRO™ ATS-3

### ULTIMATE CONTROL

Syncro takes the convenience of automation a step further. You can monitor, control and schedule access to your garage door anytime, anywhere, with your smart phone<sup>#</sup>. With a fast opening speed, Syncro makes getting in and out of the garage a breeze. This top of the range model includes enhanced safety features and is backed by a 7-year warranty.

### FEATURES INCLUDE

#### FAST AND QUIET

Syncro boasts a supercharged motor with soft stop/soft start functionality, making your garage door opening exceptionally fast yet quiet.

#### SAFETY & SECURITY

For your peace of mind, Syncro features an auto-reverse function which forces the door to reverse if it encounters an obstacle. Syncro will also detect if an intruder is attempting to force the door up and will resist entry. Patented remote control technology ensures secure and reliable home access.

#### SMART PHONE CONTROL<sup>#</sup>

Smart technology can save you time and effort. No need to hide or share keys with cleaners, guests or the delivery person, you can control and schedule access to your garage remotely from your smart phone. Syncro will even tell you if you left the garage door open, sending you a notification when the door is operated, so you know exactly when your children got home.

#### APPLICATIONS

Ideal for most sectional and tilt doors, including doors with architectural cladding up to 235kg.

## CUSTOM OPTIONS

### MAKE IT WORK IN A BLACKOUT

Do you live in a fire prone area or in an area where power supply is unreliable? Don't get caught off guard, install a battery back up for peace of mind.

Battery back up

\$

### MAKE SAFETY A PRIORITY

As you will not always be in line of sight when operating your door from your smart phone, we recommend installing a safety beam kit to further protect your family and pets.

Non contact safety beams

\$

As soon as the mains drop out, the battery back up system takes over, even if the door is moving at the time.

If the beam is broken while the door is closing, the garage door will automatically stop and reverse the door to avert serious damage being done.

Warranty terms are available from [www.automatictechnology.com.au](http://www.automatictechnology.com.au)

The benefits of this warranty are in addition to other rights and remedies under any applicable law. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
